

# Bulge

101

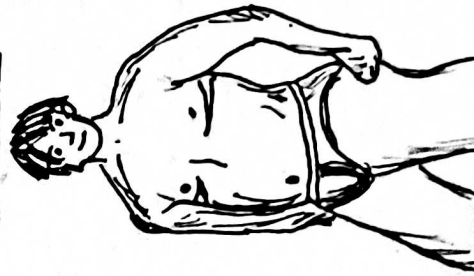

## What is packing?

Wearing a packer in your underwear to create a bulge. Packers are made from a variety of items/materials, and can look more or less "realistic."

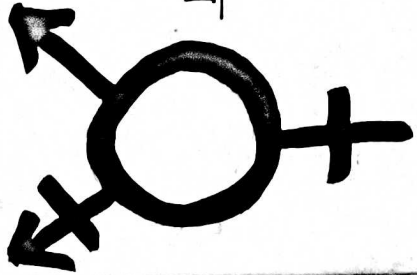

For many, wearing a packer alleviates gender dysphoria, inspires gender euphoria, and/or helps us present our gender in an affirming way!

no matter how you identify, packing is a personal decision & it's up to you whether or not it makes you feel good. You can choose to pack everyday, sometimes, or not at all!
